

Statement of Purpose

As the newly appointed President of the **International Translators and Interpreters Foundation (INTIF)**, I am honored to lead an organization that has long been dedicated to supporting aspiring translators and interpreters in Canada. With my extensive experience in leadership and philanthropic work, I strongly believe that **quality education and proper work training** are the key pillars in creating a better world. My mission is to **bridge the gap between education and the workforce**, ensuring that individuals who are passionate about languages have clear and accessible pathways to professional success in translation and interpretation.

At INTIF, our commitment remains steadfast in:

1. **Educating the public** by providing courses, seminars, and workshops that enhance understanding and appreciation of the translation and interpretation professions.
2. **Advancing education** by offering scholarships, bursaries, and financial assistance to students pursuing careers in translation and interpretation.
3. **Organizing events** that promote language education, industry collaboration, and networking opportunities for future professionals and organizations alike.

Our foundation has always been a driving force behind fostering talent in translation and interpretation, and my goal as a leader is to revitalize its impact. We will work closely with **Translation and Interpretation Associations, community organizations, and educational institutions** to provide the best possible resources and learning opportunities. Additionally, we will create spaces for **local businesses, including those who provide independent services, and organizations to collaborate**, ensuring that professional services in interpretation and translation continue to meet the highest standards.

With transparency and a renewed vision, I am committed to leading INTIF into a future where opportunities in this field are more **accessible, clearly structured, and impactful**. Together, we will **empower individuals** with the skills and knowledge they need to thrive, while strengthening the translation and interpretation community as a whole.

Let's work together to build a future where language bridges connections, fosters understanding, and opens doors to limitless opportunities.

Ace Antonio, M.Ed., B.A.
